## SlipGrip® Heavy Duty Degreaser

### Advantages

- Excellent searching and penetrative properties.
- Ready for use, easily applied to vertical surfaces.
- Emulsifies oil and grease which can be flushed away with water.
- May be diluted with water for use on areas of light contamination.

### Product Description

An extremely powerful emulsifying solvent based anti-bacterial cleaner for the removal of grease, oil, wax, bitumen and some types of paint from concrete and a wide range of other surfaces.

### Product Characteristics

Packaging - Available in a 5 litre container.

### Application Instructions

Where heavy oil or grease contamination is present the degreaser should be applied undiluted on to the surface and agitated, after which the surface should be flushed with clean water.

For general cleaning and washing down the degreaser may be diluted with up to an equal volume of water. Agitate where possible and wash off with clean water.

Measures should be taken to ensure that the waste water does not enter any drainage systems.

# SlipGrip® Heavy Duty Degreaser

## Technical info

Type	Aromatic Hydrocarbon Solvent Emulsion
Specific gravity	0.84-0.94
Flash point	>41°C

### Storage

SlipGrip® Heavy Duty Degreaser may separate on prolonged storage. This is easily reconstituted by agitation. Store away from foodstuffs and out of the reach of children. Protect from frost.

## Health and Safety

Product Safety Data Sheets (SDS) are available from FibreGrid. SDS sheets are provided to help customers satisfy their safe handling, use and disposal needs as well as assist with any conformance requirements made locally by health and safety regulations.

SDS are continually updated to provide the latest information to our customers. We therefore recommend contacting our head office to obtain the most recent and accurate SDS before handling and using any product.

## Technical Support

Through our technical department and laboratories we can offer a comprehensive service to specifiers and contractors. Technical contacts are available to provide further information and arrange demonstrations.
